Kiwanis International

Kiwanis clubs, located in 80 nations, help their communities in countless ways. Each community's needs are different—so each Kiwanis club is different. By working together, members achieve what one person cannot accomplish alone. When you give a child the chance to learn, experience, dream, grow, succeed and thrive, great things happen.

Service is at the heart of every Kiwanis club, no matter where in the world it's located. Members stage nearly 150,000 service projects and raise nearly US\$100 million every year for communities, families and projects.

Kiwanis clubs focus on changing the world by serving children, one child and one community at a time. To do this, many clubs also sponsor a Kiwanis family club—K-Kids for primary school children; Builders Clubs for adolescents; Key Clubs for teens; CKI clubs for university students and Aktion Clubs for adults living with disabilities—to reach more people and have a greater service impact on their communities.

Fellowship and fun: Kiwanis members don't just do service—they have fun. Members make new friends by being part of a club where they attend meetings and participate in social events. Kiwanis clubs also provide excellent networking opportunities for professionals. Members meet new people from all over their region and the world through service projects, fundraising and by attending district and Kiwanis International conventions.
